Forward

In compliance with our Constitutional mandate, the IEBC conducted the first General Election under the Constitution of Kenya, 2010 on 4th March 2013.

In undertaking our responsibilities, the Commission spearheaded law reform initiatives which led to the development of the requisite legal framework for the conduct of elections under a new electoral system. This was supported by relevant strategies drawn from the Commissions operational plans which provided a roadmap with clear-cut activities and strict timeframes for action.

The registration of voters was a major milestone which established a new Voter Register that replaced the one developed for 2010 Constitutional Referendum. The Commission targeted to register a total of 18 million voters representing 80% of the total eligible voters in the country. However, this target was not met as a result of various challenges. The Commission was able to register **14,388,781(Biometric 14,352,545, Non Biometric 36,236)** voters for the 2013 General Elections (**72%** of the target).

The Boundary Delimitation exercise carried out by the Commission and concluded in 2012 culminated in the establishment of 80 additional constituencies and 1,450 County Assembly Wards. This essentially established the foundation upon which elections would be conducted. To conduct the general elections, the Commission recruited and trained a total of **331,593, temporary** poll officials.

A total of 12,776 candidates contested in the 4th March, 2013 General Election as summarized below.

No.	Title	Elective Positions	No. of Candidates
1.	President	1	8
2.	Member of National Assembly	290	2098
3.	Women Member to the National Assembly	47	303
4.	Senator	47	244
5.	Governor	47	237
6.	Member of the County Assembly	1,450	9,886
TOTAL		1,882	12,776

On the polling day, March 4th 2013, there were a total of **24,563** polling centers (31,983 Polling stations) established with each station having an appropriate number of streams based on the registered voters. Election regulation (39) states that Kenyan citizens residing outside Kenya are entitled to participate in the presidential elections or a referendum. This limited the level of Kenyans in Diaspora participations in 2013 to presidential elections only. The streaming and number of polling officials in relation to the Diaspora was thus done on the basis of this regulation and only single polling station (stream) was approved per polling station. The total number of voters in the Election was **12,221,053 (86%)** of registered voters.

This report presents an analysis on the counting and results tabulation to better understand the participation of the electorate in casting ballots for the six elective positions. It also gives the population per county (*KNBS 2009 Housing Census*), the number of identification cards issued per county (*Immigration and Registration of Persons*), the registered voters (*IEBC*), the estimated voting population and the number of people who voted per county in the Presidential Election.

The report comes out at a time when the Commission is in the process of rolling out continuous voter registration as mandated in article 88 of the Constitution of Kenya 2010. The report will help to increase the focus on the Commission's voter education efforts in the areas that had lower voter registration and voter turnout. The report will be available online on the Commission's website at (www.iebc.or.ke).

ORDER OF THE COURT

1. After extensive deliberations, we are happy to announce the Supreme Court has reached a unanimous decision on all the four issues that fell for determination in presidential election Petition No. 3, 4 and 5 as consolidated.

2. The following is the unanimous decision of the court:

(i) As to whether the presidential election held on March 4th 2013, was conducted in a free, fair, transparent and credible manner, in compliance with the provisions of the Constitution and all relevant provisions of the law; it is the decision of the court that the said elections were indeed conducted in compliance with the Constitution and the law.

(ii) As to whether the 3rd and 4th Respondents were validly elected and declared as President elect and Deputy President elect of the Republic of Kenya respectively, by the Second Respondent in the presidential elections held on the 4th March 2013; it is the decision of the court that the 3rd and 4th respondents were validly elected.

(iii) As to whether the rejected votes ought to have been included in determining the final tally of votes in favour of each of the Presidential candidate by the 2nd Respondent; it is the decision of the court that such rejected votes ought not to have been included in calculating the final tallies in favour of each presidential candidate.

(iv) As to what consequential declarations, orders and reliefs, that this honorable court ought to grant based on the above determinations, the following are the orders of the Court:

- a. Petition No.5 of the consolidated petitions is hereby dismissed.
 - b. Petition No. 4 of the consolidated petitions is hereby dismissed.
 - c. As to Petition No. 3 of the consolidated petitions, the prayer by the Petitioners seeking a declaration of recomputation of percentages by the 2nd Respondent is declined as the court has no jurisdiction.
 - d. Regarding orders as to costs, the Court orders that each party bears his/her/it's own costs.

3. The detailed judgement containing the reasons for decision of the Court will be issued within two weeks from today.

4. *Orders accordingly.*
